## PROFILE

I live in Buenos Aires, Argentina. I am currently finishing my degree in Industrial Design at the University of Buenos Aires (UBA). I have several years of experience working on design projects. Four years ago I started working in the software and programming area.

I provide design solutions for digital projects or products. I also have good organizational and planning skills.

## WORK EXPERIENCE

- 2013 – 2015: Manufacturing and design in "Paesi Tuoi" clothing workshop.
- 2015 – 2018: Design in the contemporary jewelry workshop of the artist Fernanda Sibilia (<https://www.sibilia-accs.com/>).
- 2019 – Present: Design and performance as Product Owner at VReadyNow: software company specialized in Augmented Reality and Virtual Reality for the industry (<http://www.vreadynow.com/>).
